

THE CRIMINAL MASTERMIND

The exciting wolf hunt throughout Europe!

The Story

As a newly formed special task force of Europol, the players need to find and arrest the probably most spectacular art thief in the history of crime.

The criminal mastermind calls himself „The Wolf“. He is targeting the most valuable and extraordinary art treasures in Europe.

His thefts are planned down to the smallest detail and he leaves no traces except for his wolf graffiti. With an ominous parcel he has challenged Europol to a kind of game. A strange puzzle box as well as a postcard seem to indicate the location of the Wolf.

The new special task force X7 WOLF BRAVO takes up the investigation and the players find themselves in an unprecedented chase across Europe soon.

The Fields Of Use

Criminal Mastermind is a mobile indoor game concept with elements from the Escape Game area. The game duration is 60 to 90 minutes. The game is available in a linear competitive game variant for single groups or a smaller number of teams, as well as in a cooperative game variant - prepared for up to 20 teams.
